## EVERY TYPE OF ENTERTAINMENT NOW TAXABLE

NO EXEMPTIONS ON ADMISSIONS ALLOWED ANYONE AFTER OCTOBER 1

Written notice received late last week by this newspaper from Clifford C. Anglim, collector of internal revenues at San Francisco, advises that no further exemptions from paying the 1c amusement tax on each 10c of admission charged is granted any organization, regardless of its nature or the purpose for which the proceeds are to be used.

This means that EVERY organization, including those heretofore exempt like church or educational organizations, veterans group or fire departments which have heretofore issued exemption certificates, are no longer exempt from paying their amusement taxes.

The only exemptions allowed are less than 10c admissions for children under 12, and for men in United States uniforms admitted free.

Further, cards and tickets already printed and in circulation for forthcoming dances, whist parties and other events, must be returned to the printer who printed them to have any notice of exemption blanked out, and the amount of tax shown, being 1c of each dime of admission charged.

Every organization after October 1, now past, must file a report and send their remittance to the Collector of Internal Revenue, room 239, Federal office building in San Francisco, immediately after all returns from such events have been totaled.

Official notice of this change in policy may be seen in the office of The Township Register at Niles.

Our Country is arming for defense, and we, Citizens, who can afford these dances, shows and card parties will have to present ten percent of our amusement monies to our Government.—W.W.

### PET PARADE

The third pet parade in ten years will be held next Friday forenoon, October 17 at Niles by the pupils of the Niles Elementary School, Principal E. D. Bristow announces. The project is sponsored by the student body of the school as a contribution to their humane education program. Many ribbons will be awarded by D. R. Rees, local humanitarian.

Howdy Folks; an optimist claims that we should pay our taxes with a smile. S'funny, we always found that the tax collector wanted cash.

We heard someone say that a newly married couple's first baby always brings a lot of changes into the home.

When some of you folks get peeved at Uncle Sam, remember that at Fort Knox he has a heart of gold.

We heard that under the present emergency there is a movement on foot to have all bachelors arrested for contempt of courtship.

Don't wait for an emergency to buy FAME-PROOF GLASS-WARE. Keep your PYREX on hand all the time.

### CATCHES BIG ONE!

Dr. T. C. Wilson of Niles drove up to Lassen National Park over the weekend to enjoy some fishing. While there he met Mr. and Mrs. Harvey Braun of Niles who were on their way home from a two weeks' vacation, part of it spent fishing the Klamath River. There Mrs. Braun succeeded in landing an eight pound salmon, which somewhat topped her husband's best catch.

## FREAK WINDS AFFLICT DISTRICT; BIG GRASS FIRE

SPARK CAUSES FIRE ON DRY RIDGE WEST OF NILES; 3 HOUR FIGHT

A ten-day-late equinoctial windstorm struck this district, beginning through the night on Thursday morning of last week. Sleepers were aroused as doors banged when a bay wind climbed into Washington Township hand over hand.

By sunup the wind had turned warm and dry, with the humidity dropping from a normal 55 to but 18 points. Small limbs were blown from trees and walnuts clattered to the ground everywhere. Between Sunol and Pleasanton a state crew spent the morning clearing brush from walnut trees off the highway.

Late that afternoon a spark from a dynamite cap being used back in the big cut behind the Niles Quarry, a mile west of town somehow set fire to the tinder-dry grass. Fanned by the high wind the blaze soon whipped to the top of the ridge.

The Niles fire truck responded but could not reach the blaze except by means of men on foot, carrying wet sacks and back-packs. Being short-handed the county truck came down from Livermore and managed to get to the top of the hill at the edge of the fire. Using its storage tank the running fire was halted. Men from the Decoto Fire department came down without their truck and it was 8 o'clock before the spectacular blaze was controlled. Contractor Dias' tank truck stood by the highway providing water to the men working on foot.

At sunset Niles was blanketed in a pall of heavy smoke and householders watched the leaping fire anxiously as it worked towards the pocket in the hills where the Hotel Belvoir is situated. Ashes fell all through the town. Friday morning an even heavier wind whipped the trees throughout the town in our Township sending dust swirling everywhere like a Kansas dust storm. The humidity dropped to 22 points, as the wind veered to the East, then finally blew in from the direction of San Jose.

Limbs from the palm trees were plentiful on Niles Main street. A canvas awning outside the Red and White store was whipped to shreds. The thermometer stood at 82 degrees at 9 in the morning.

The big blow abated by noon, merchants swept out their stores, housewives got out their dusters, men washed their cars . . . and everybody took a bath!

The afternoon turned out warm and sultry and living returned to normal.

The big blow on Friday morning made a lot of work for the Newark Fire department when a stubborn grass fire started on a long front one mile east of Newark. With the aid of two other fire departments the blaze was stopped 25 feet from H. H. Kouns ranch house after it had destroyed his barn and about 100 acres of range grass and weeds.

### 32,136 DEER KILLED

San Francisco — Deer season will close in California October 15. According to tags returned to the office of the State Division of Fish and Game hunters had taken 32,136 deer by October 4. Rain between now and the close of the season should bring about more favorable hunting conditions, and it is expected that the kill will be greatly increased the last few days of the season.

### Interventionist Leader

The Rt. Rev. Henry W. Hobson, national chairman of the Fight for Freedom Committee, and decorated AEF major, asserted that "no loyal American can longer oppose the call of the President to defend our freedom," following Mr. Roosevelt's call for unrestricted naval warfare upon the Nazis. Bishop Hobson, of the Protestant Episcopal Diocese of Southern Ohio, twice wounded and once gassed in World War I, also told interviewers that "isolationists and appeasers are not only blind to the facts, but constitute a real menace to our national safety."

## W. U. H. S. DENIED R. O. T. C. DUE TO OFFICER SHORTAGE

CENTERVILLE — Washington Union High school cannot install an R. O. T. C. for its men students at this time because of state shortage of officer personnel and equipment, according to a letter received by District Superintendent A. J. Rathbone from the Adjutant General's office in Sacramento.

This sad news was contained in the following communication, under date of September 29:

Dear Mr. Rathbone:

Reference is made to your letter of September 26, 1941, relative to the establishment of a Junior R. O. T. C. Unit at Washington Union High school, Centerville, California.

The War Department has on file a large number of applications from schools desiring R. O. T. C. Units. To provide the necessary instructors and equipment for adequate instruction in all these schools would seriously interfere with the Defense Program. Accordingly, it has been decided that this training will be extended to none of these schools for the time being.

You may be assured, however, that every consideration will be given to the extension of this training when conditions permit.

Yours truly,  
C. L. SAMPSON,  
Colonel, Infantry,  
Act. Asst. Adj. Gen.

In a letter of transmittal sent to Walter Waynflete at Niles, American Legion chairman of State Guard activities in Washington Township, Superintendent Rathbone advises:

"Just because of this discouraging news at this time, does not mean that we will drop the project. We will keep the same revived from time to time hoping that at some not too distant date, we will have an R. O. T. C. unit at this school."

## TOWNSHIP STATE GUARD UNIT HOLDS FIFTH DRILL HERE

CENTERVILLE — Thirty men were on hand Monday night in the high school gymnasium for the State Guard company's fifth night of drill with Corporal James Collins and Private First Class Jesse Johnston, both of Newark, serving as drill sergeants.

One new man, Orval C. Vance of Newark, signed up. No men have yet joined the company from Decoto, Alvarado, Mission San Jose or Warm Springs. Five more enlistment records were turned in. The growth of the organization is slow, but consistent.

Any man wishing to join please report at the high school gym next Monday night at 7:30 p. m.

Upon invitation of C. W. Kraft, Waynflete addressed the monthly meeting of the Kraftmen club at the Kraft plant Tuesday evening, explaining the Township State Guard project.

David Janeiro, new president of the club signed up as the first volunteer from Decoto to join the local Guard company. He promised to bring some more Decoto men to the next drill on Monday night.

### COUNTY GROWERS ASKED TO INCREASE LIVESTOCK PRODUCTS

(Special to the Register)

This newspaper has received a request from the Hayward office of the Alameda County U. S. D. A. Defense Board to publish a plea that local livestock growers increase their production of milk in Alameda County 9 percent in 1942; egg production 20 percent; also the planting of hay and feed grains, and grow home gardens for their own use.

The United States is being called upon now to help feed one third of England's population or about 10,000,000 persons; hence the need for increased livestock products for export.

### NAMED CHAIRMAN

E. D. Bristow, principal of the Niles Elementary school has been appointed by Adjutant General Joseph Donovan as chairman of the re-employment committee of Niles Draft Board No. 75 to aid in securing positions for soldiers discharged from the armed forces of the United States. The local draft board includes Washington, Pleasanton and Murray Townships.

## NILES CHAMBER FORWARDS DATA ON MANUFACTURES

### TOWNSHIP AWAITS CLASSIFICATION AS PRIORITY AREA

E. A. Ellsworth reported to the Monday noon luncheon meeting of the Niles Chamber of Commerce, held at the City of Florence Restaurant that a large sheaf of letters telling of defense contracts being executed by Washington Township industries, and of the housing shortage throughout the Township, had been prepared and forwarded Saturday to the proper OPM official in San Francisco.

With the aid of E. A. Quaresma, Irvington attorney, and Vernon Ellsworth, who found demand for 200 more rental houses in Niles Newark, Centerville and Irvington, the survey of all industrial plants was made, and official replies had been received from all but two of the larger organizations.

There is nothing to do now but wait until proper authority determines whether or not Washington Township can be designated as a priority defense area. The Sunnyvale community had made similar application to the government for recognition, Ellsworth said.

The California Highway Department had not yet begun work on the flood control project at Niles, George Bonde stated.

A dozen members were present with Dr. T. C. Wilson presiding. Secretary A. J. Petsche was welcomed back to work after a month's absence with influenza. R. B. Hay of Oakland, bi-county supervisor of the Pacific Coast Aggregate company's many yards was introduced as a guest.

### DIAL TELEPHONES TO BE INSTALLED IN NILES SOON

W. B. Sutherland, manager for the Pacific Telephone and Telegraph Company, today announced that plans to provide dial telephone service for Niles were progressing according to schedule.

The company has leased the building recently erected on the north side of Second street, between G and H streets, where the new dial central office equipment will be installed.

Installation work will get under way early in November and the new service is expected to be ready for operation early next spring Sutherland said.

### JAPANESE WOMAN DIES OF ILLNESS

IRVINGTON—A Buddhist priest officiated at the Odd Fellows Cemetery last week for the late Mrs. Shina Tajima, 40, following services at the Berge Mortuary, who died recently at the Livermore Sanitarium following a year's illness.

A native of Japan, she was a member of one of the Township's oldest Japanese families. She is survived by a husband Harry and several children.

## CHURCH REPAIRS

CENTERVILLE — A thousand dollars worth of repairs to the Presbyterian church here are proceeding rapidly. The old foundation, first laid in the 50s has been repaired, as well as the roof and the interior of the Church has been entirely redecorated. Joint services will be held in the Alvarado Presbyterian Church this Sunday. It is expected services can be resumed in the Presbyterian Church here on Sunday, October 19, according to the Pastor, Reverend Jackson L. Webster.

## CHRISTIAN SCIENCE CHURCHES

"Unreality" was the subject of the Lesson-Sermon Sunday, October 5, in all Churches of Christ, Scientist, branches of The Mother Church. The First Church of Christ, Scientist, in Boston, Massachusetts. The Golden Text was: "All that is in the world, the lust

of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof; but he that doeth the will of God abideth for ever." (1 John 2: 16, 17).

Other Bible citations included: "A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit. . . Wherefore by their fruits ye shall know them," (Matt. 7: 18, 20).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Science of being repudiates self-evident impossibilities, such as the amalgamation of Truth and error in cause or effect . . . There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not

proceed from this great and only cause," (p. 207).

A registration of workers available for defense jobs is being conducted by all local State employment offices.

California and its counties spend more money on forest protection than any other state in the union.

The per capita wealth of San Franciscans is \$2560, highest for any large city.

Miss Barnby

DECOTO — The Decoto Discussion Group was very pleasantly entertained at the home of Mrs. Charles Brown, Friday, October 3. The meeting was held in honor of Miss Mary Barnby, who retires as County Librarian November 1. The meeting began with a quiz conducted by Miss Cecilia Janeira. This was followed by an informal talk on Home Building by Mrs. Peggy Whipple. This important subject was attractively presented and the fact that Mrs. Whipple and her husband contemplate building a home of their own lent added interest to the subject.

In behalf of the group Mrs. Evelyn Joseph presented Mrs. Leontine Costa with a baby book in honor of her very young son, James. Mrs. Charles Brown then presented Miss Barnby with a book, "I am an American," written by noted naturalized aliens. Miss Barnby responded with many good wishes for the future of the group.

The meeting was held under the supervision of Miss Cecilia Janeiro and was conducted with her usual thoroughness and enthusiasm. The book was "The Orchid Hunters" and represented the travel meeting of the year. By clever questions Miss Janeiro brought out the highlights of the book and many correlative ideas on orchids in general.

At this time Mrs. Ethel Avilla presented Miss Barnby with a shower of canned fruit, jams and jellies. This was a complete surprise and Miss Barnby found herself hard pressed for words for another speech. The meeting broke up with many good wishes for Miss Barnby and regrets over her retirement, as well as much appreciation for her unfailing inspiration and interest which has meant so much to Decoto.

The next meeting will take up the historical novel, Mrs. Charles Brown, the leader has selected "They Came to a River," by Allis McKay. Mrs. Peggy Whipple will conduct the quiz and Mrs. Frances Mara will speak on "Modern Advertising." Mrs. Elsa Walker will be hostess.

NILES POSTMASTER  
VISITS OFFICE OF  
ROTARY INTERNATIONAL

CHICAGO — Edward E. Enos, postmaster of Niles, and a prominent member of the Rotary Club, recently visited the headquarters of Rotary International in Chicago.

According to Mr. Enos, Rotary's offices are unique in that they represent the "service station" for the more than 5,000 Rotary clubs and 212,000 Rotarians in some 60 countries of the world. The Rotary staff of 140 persons performs such intricate and diversified duties as the handling of financial transactions in the currencies of scores of countries and the carrying on of correspondence in a dozen different languages. In addition, the staff produces Rotary International's official magazine, "The Rotarian," and its Spanish language edition, "Revista Rotaria."

Mr. Enos also reports that Rotary maintains offices in London, England; Bombay, India; and Zurich, Switzerland.

## DOCTOR SPEAKS ON AMERICA'S WORLD POSITION

LARGE THROG HEARS  
SCHOLARLY ADDRESS  
OPENING PUBLIC FORUM

CENTERVILLE — Some 250 interested Township citizens enjoyed hearing Professor Raymond Gettell of the University of California speak on the subject, Our Changing Foreign Policy as the opening address of the fall Public Forum series in the Washington High school auditorium Monday evening.

In one brief hour the speaker, who was aptly introduced by Forum Chairman Jack Rees, gave a scholarly summary of the United States rise to dominance in world affairs until, since the turn of the century it had become one of the six great powers.

France, Germany and Russia he said as the three great continental powers of the last century, since which time both the United States and Japan have joined England in prominence, also as powers, i. e. powers entirely surrounded by water.

### — Aviation Brings Change

The British Isles, he said had been safe during the recent centuries because of her great navy, but the advent of aviation as a weapon of offense had now rendered England vulnerable to attack. Not since the Norman Conquest of 1066 had the soil of the British Isles been invaded by foreign soldiers.

The replacement of England's abundant coal as a fuel, by petroleum, of which England produces none had also contributed to her recent economic dislocation. England must import all her fuel oil which she is now doing successfully whereas the axis powers cannot import fuel oil. The United States is fortunate in that it produces 60 per cent of the world's supply. The advent of the airplane and the substitution of oil for coal has changed the fate of both England and Japan, he said.

### — Our Foreign Policy

We are a self-contained, self-supporting nation, with no enemy neighbors in the western hemisphere, he pointed out. Therefore with England as the sole island the United States could safely pursue a policy of keeping all our forces at home while building up our armed defenses.

Or, in the hope of fore-shortening the present war we could ac-

tively participate with all branches of our armed might.

A third choice lies in continuing our present policy of all-out material aid to England, China and Russia, without actively participating ourselves.

When asked at the close of his address which course would be the safest, he said each of the three courses was dangerous to pursue and, not having access to the future, he declined to make any recommendation as to which course we should follow.

### — Now in the Center

The United States 100 years ago was on an isolated rim of world affairs. Today it is in the center. Russia, next to the United States is also self-supporting in its self-sufficiency of oil, cotton, iron, food and other essentials to self-preservation.

England and Japan, being situated each in one ocean, are one-ocean navy powers. We, facing on the two great oceans, must be a two-ocean naval power. We need large navies rather than large armies. Big armies make dictatorships possible, big navies never have, he pointed out.

Our first interest in world affairs originated with the beginning of our country when we broke off from Europe during the colonial period. About 1820, the time of the Monroe Doctrine, we became concerned with Latin America. Not until 1850 did we become aware of the Orient as a field for American influence.

Our present Open Door policy in the Orient can be justified on a moral basis, from a standpoint of both expediency and ethics. The Japanese policy is exclusively for the Japanese in the Orient, which, after this war will be of more importance to us than the Occident.

### — California Goes Ahead.

The Pacific region is now the hope of civilization with America's Pacific slope developing faster than any other part of the world, particularly California, which is going ahead three times as fast as the rest of the nation.

The Monroe Doctrine is still of vital importance to us, because we do not want strong neighbors in South America. Yet the Latin Americans culturally and historically are still tied up with their Mother countries in Europe. Latin Americans prefer a strong leader rather than the changes required by democratic elections. Once a party gets into power it is hard to remove. The peon class takes no part in national affairs below the equator, he said.

Latin Americans are for the most part Catholics who look askance at the accepted American institution of divorce, for example. It is

bad manners for an American trying to do business in South America, to be in a hurry.

Inasmuch as Uncle Sam has sent marines and warships some 50 times during the last century to maintain order in the Latin Americas it is still in the minds of our southern friends to distrust us and our Rooseveltian "big stick." Economically, we don't need and can't use most of South America's products as we have a surplus of our own of the same products. Europe does need these foodstuffs etc.

To remedy the former situation we should encourage them to exchange students at our colleges.

When asked after his address what he supposed our new big army was for he indicated it might be used as a domestic police force after the war subsides . . . which opens up a large field of speculation about the future.

## FERNANDEZ CORVELLAS ANSWERS LAST CALL; SERVICES TUESDAY

NEWARK — Word was received in Newark Sunday of the death of Fernandez Corvellas, beloved husband of Mrs. Mae E. Corvellas, the former Mae El Martin of Newark. He was born in Flores, Portugal forty-seven years ago, and had been a resident of Oakland for years.

He passed away Saturday evening at the Southern Pacific hospital in San Francisco, after a long illness. He was an employee of the Southern Pacific for seventeen years.

Funeral services were held from the East Lawn Chapel in Oakland Tuesday morning at a nine o'clock mass at St. Joseph Catholic church in Oakland. He was buried in Oakland.

He is survived by a twin brother, John of Berkeley; brothers, Joe of Oakland, Frank of Atwater, Tony of Atwater, Fred of Atwater, and sisters, Mrs. Anna Apolinario of Atwater, Mrs. Margaret Machado and Mrs. Flores Louise, also of Atwater.

To speed up handling of scrap, considered of vital importance during the national defense emergency, Pontiac Motor Division of General Motors has announced addition of 8,000 square feet to the company's salvage building, reports R. Attinger of the firm of Attinger and Underwood. Niles Pontiac headquarters.

## PATROL CAPTAIN TO STRAIGHTEN UP DECOTO PARKING

DECOTO — Eight members of the Decoto Boosters club met last Thursday evening in the fire house here for their regular meeting with President Dave Janeiro presiding.

The situation of unlawful parking taking place throughout the business district of the town was again brought up and it was reported Captain Louis Eike of the Highway Patrol had promised to drop in at some unexpected time and straighten out the problem. (probably with some traffic tickets passed out to persons who park their cars carelessly.)

The rope on the town flag pole had been restored, it was reported, and the wigwag on the Western Pacific crossing at the Steel Mill had been approved by the state highway department, but would not be installed until about the first of the year.

The secretary reported the club had 27 paid up members. Walter Wayne of Niles asked for some Decoto members to join the Washington Township State Guard company now drilling at Centerville, some of the officers promised in recruiting men from Decoto.

Due to many members of the ball team coming in late from helping to suppress a big grass fire on the hill opposite the California Nursery grounds which had burned that evening, the feed for the members of the ball club was shared with nine members of the Decoto Junior Traffic Patrol who had returned at 10 o'clock from seeing a show at the Niles Theatre in charge of Principal L. W. Musick.

Soda was provided for the appreciative boys, with lots of good eats for everybody.

## ST. ANNE'S BAZAAR

NEWARK — Plans are now being made for the St. Anne's bazaar to be held November 5, 6, and 7 at the S. D. E. S. hall in Alvarado, according to Father McLaughlin, who is also pastor of St. Edward's Catholic Church at Newark. The committee in charge consists of Mrs. Mae Roderick, Mrs. Mary Rivers, Mrs. Anthony E. Vargus, Mrs. M. Silva, Mrs. Joseph Dutra, and others.

## SANTA CRUZ FAIR

The Santa Cruz County Fair will this year be held October 16 to 19, inclusive, on newly acquired property on the Hecker Pass Highway (State 152), two miles east of Watsonville, reports the San Jose Office of the National Automobile Club. One of the outstanding attractions will be the horse show, to be held Saturday evening October 18 and Sunday afternoon, October 19.

## DR. KERNER TO SPEAK MONDAY EVE ON RUSSIA

CENTERVILLE — Dr. Robert J. Kerner will discuss "Soviet Russia Our New Ally" at the Washington Township Forum next Monday evening at 8 o'clock.

Professor Kerner of the University of California, is recognized as one of America's outstanding authorities on Russian affairs. He has traveled extensively in Europe and Asia, served as an expert on the staff of the American Peace Commission 1918-1919, was an investigator for the Rockefeller Foundation in Central and South-eastern Europe in 1928, and has authored several books and many articles on Soviet Russia and Eastern Europe.

Dr. Kerner's analysis of conditions in Russia and of the part that nation is playing in the present struggle promises to be most informative. His predictions as to possible future trends in Soviet policy should be very interesting.

The Washington Township Forum sponsored by the Evening School, is held in the high school auditorium. Everyone is cordially invited to attend these Monday evening meetings. Admission is free and the public is invited to attend.

## PUBLIC INVITED TO WHIST PARTY AT PLEASANTON

PLEASANTON — Washington Township card enthusiasts are planning to attend the big card party at Pleasanton next Tuesday evening, October 14. This affair, which is the largest given in that community each year is for the benefit of St. Augustine's Parish. It will take place at the Veterans Memorial Building, with card playing starting promptly at 8:30 o'clock.

## TEACHER TRAINING COURSE BEGINS WEDNESDAY NIGHT

A teacher training course for Sunday School teachers of Protestant Churches of Washington, Eden, Pleasanton and Murray Townships begins next Wednesday evening at 7:30 o'clock in the Guild room at the Niles Congregational Church, with Mrs. Fred Duffie acting as secretary of this activity.

The course will run for two hours next Wednesday night, and five succeeding Wednesday nights, with a registration fee of 50c per person. All Sunday School teachers are urged to attend the series.

Subjects to be covered in the curriculum include Guiding the Religious Growth of Primary Children; same for Juniors; Building and Administering the Total Youth Program; a Bible course (elective); Christian Home Building and the Superintendent and his Task.

Participating in the worth-while undertaking as well as Reverend R. C. Day and Mrs. Duffie at Niles, are Reverend Jackson L. Webster of Newark; Mrs. Harold Wright of Livermore; Reverend and Mrs. Arnold Nash of Centerville and Mr. Berck of Hayward. Registrations may now be made with any of those named above. A generous response is anticipated.

Dr. Godfrey Matthews of Hayward will be in charge of instruction.

The following instructors will conduct the courses:

Reverend William Clawson of Livermore, Training for Youth; Mrs. Jackson Webster, Story Telling; Mrs. Miles Standish, a course for Juniors; F. W. Robinson of Oakland, the Superintendent and his Task; Reverend Godfrey Matthews of Hayward, My Christian Belief, and Mrs. William Parker of Hayward.

Reverend Day and Mrs. Duffie will assist with the project, which will be attended by an estimated 100 persons.

Mrs. Paul Offel was received into full membership in the Niles Congregational church during the Sunday morning service by the Pastor, Reverend R. C. Day.

Ernest W. Schween, who is well known in this section, will again be in charge of the benefit.

FOUR SAVINGS  
for your kitchen**

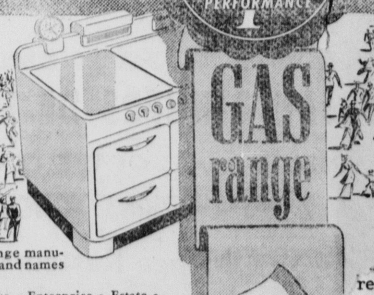

**CUTTING KITCHEN COST** is important these days. Food and its preparation are making every housewife budget conscious. That is why women this month are investigating how a modern Gas Range can bring four savings into the kitchen.

In the modern gas range, the burners save fuel at every cooking speed. These new burners keep the gas flame on the bottom of the pan—there's no waste heat spilling around the sides. The simmer adjustment on the burners makes possible waterless cooking that saves healthful vitamins to retain the garden-fresh flavor of vegetables. Giant top burners, speed ovens and broilers plus automatic lighting save kitchen time at every meal hour. The insulated oven of the new gas range permits the low-temperature cooking that reduces meat shrinkage and tenderizes the less expensive cuts of meat.

Buy a modern Gas Range now and save. Save while prices are still low. Save on every meal every day.

### "RUSSIA IS BEATEN"

So Hitler broadcast to the world last Friday, October 3, 1941. Note the date. In a year from now, or six months from now, or even sooner, this statement is going to make Hitler look more ridiculous than he already is. As an example of wishful thinking, it is a beauty.

Russia has just been nibbling around the edges of the war. She can dig in and fight on indefinitely, which is exactly what she is going to do . . . with material aid from England and the United States.

Hitler's resources are so badly crippled, and his sources of supply are so completely cut off by the British blockade and his scurrilous attack on Russia, that even Churchill told Commons last week "the nazi air force is in a serious condition."

The nazis for a long time have capitalized on wishful thinking as a tool for propaganda: it has worked often . . . but not for U. S. Russia has just begun to fight. The nazis are more nearly beaten than the Soviets. People fighting in defense of their homes have God on their side.

The first fruit of the three-power conference in Moscow was the proclamation by Stalin about article 124 of their constitution that permits FREEDOM OF WORSHIP OF GOD, and the right for Soviet citizens to obey the dictates of their conscience. Russia thereby redeems herself from the debacle of 1917 . . . This war of the ages can only be won one way . . . and that is the way which is inspired by Right.

### CAUSE & EFFECT: or: No THANKS RETURNED

Seems to me if enough people are stricken with bodily injuries and distresses, or with financial or other reverses, they will have sense enough to come to Church and try and set themselves right with God.

"He seeketh them to worship Him in spirit and in truth" and citizens who foolishly believe they can be Christians without making the Church part of their regular lives, will have to be, — are being — taught their lessons the hard way.

The Churches everywhere are open to all comers.

### DIG IN AND WAIT

Effective now, a 6 per cent federal excise tax has been added to the prices of new typewriters and (probably) office machines.

Effective December 1 new cars may be hard to get.

Effective right now there is a shortage of nails and builders hardware for the building of new, private homes.

Effective next March 1 nearly everybody is going to have to file an income tax, if they earn more than \$750 per year, net.

Tires are still easy to get and at the usual competitive prices. Better lay in enough to carry your car through the next year or two. By December they may be hard to get.

How is your automobile? If it is not in good condition better have it pinked up while parts still can be had.

In other words: the "emergency" which FDR sensed, and declared to be in existence, back in 1933, is now about to catch up with us; and it is no politician's pipe-dream.

Better get your house, your office and your car in as good a shape and as well equipped as possible — to carry you safely through the next queer year or two.

Meantime, just dig in and wait. The Unexpected may happen.

### TAXES ARE BEGINNING TO BITE

Promptly on October 1 the federal excise tax of 10 percent was added to retail sales price of nearly all mechanical articles, AND exemptions from federal amusement taxes were REMOVED from ALL organizations giving money-raising enterprises.

If you buy a new 6x16 tire you add 5 c per pound by weight, or about \$1.05 to the list price of the tire. Then you figure state sales tax on the total figure, thus paying a tax on a tax.

Last week's Saturday Evening Post gave a splendid summary of the national defense effort and its cost. The author is an astute observer and his conclusion is that the government is setting aside only sufficient of our national products to meet the MINIMUM needs of the public; ALL the balance of everything else manufactured is being devoted to the national defense effort.

Well, that's that. So long as we have a house to live in, clothes to wear, food to eat and a car to drive, we should be thankful. Until Hitler and his devils are wiped off the earth. We, The People can cinch up our belts and get along without a lot of things — depending upon our incomes. Meantime, we can be happy we are still a free people with nice, big oceans wrapped around our homeland to keep us safe.

And that's the way its going to be until the nazis and all they stand for are vanquished and exterminated, they and their devilish ideas. After that happy day comes, we civilized peoples can gather around a conference board and iron out our differences by consent, rather than by force.

\* \* \* \*

Our government is planning a hundred billion dollar preparation for our part of the war of the ages. That we will ever use it all up in combat seems a wild stretch of the imagination. Our best annual national income is one hundred billion dollars and the value of the entire United States is only three times that, or hundred billions of dollars.

Is all fantastic, of course . . . but here it is, look at us. Nobody knows "whither to?"; all we prepare blindly, and trust to The Almighty for an equal happy outcome.

Meantime we can smile while we pay a tax every time we turn around; knowing that our English cousins have been doing the same for two years; knowing that the Dutch and Belgians, etc. only wish they had the chance to pay taxes to a FREE government.

Comes next March, most everybody will pay an income tax.

What ill fate has afflicted us moderns with such evil geniuses as Hitler, Mussolini and the Japanese military clique? WE know that might doesn't make right; so we now have to exercise might to the limit to crush the tyrants' might, so we can have sweetness and light again.

Seems like we're right back in the time of Ceasar, Pontius Pilate and Herod. All we lack to make the parallel perfect is a sight in the flesh of our Lord and Savior.

**GOOFY** — The C. I. O. is now determined to unionize — of all things! — the UNITED STATES ARMY, seeking increase of pay, probably shorter hours, etc.

Now isn't THAT funny??

The first time an organizer sets foot on a military reservation he will get run in to the guard house.

Which is as it should be. The U. S. Army still represents Uncle Sam's backbone, and anybody who tries to tamper with THAT — deserves to get shot.

These are no days for monkey business, as C. I. O. organizers will no doubt learn. Pronto.

### BIG GAME HUNTING PICTURES TO BE SHOWN AT NEWARK

**NEWARK**—Now that duck season is almost at hand, the hunting fraternity of Washington Township will have a chance to acquire the proper mental attitude for the opening day when Bill Foster of Rio Vista, nationally famous Big Game hunter, shows the pictures of his latest hunting trips in the Canadian wilds at the Newark Grammar School on Thursday evening, October 23.

These pictures have been proclaimed by Sportsmen who have recently seen them as the finest ever secured on the North American Continent, under actual hunting conditions in the field. Mr. Foster's collection of record and near record big game heads which may be seen at his place in Rio Vista, which he has spent a lifetime gathering, has attracted visitors from as far east as New York and New Jersey. Most of the animals now in that famous collection will be seen in the pictures.

There will also be a picture entitled "Shooting Geese in California" which was made at the Kahl Gun Club of Maxwell last year. This picture will show the local hunters how to hit 'em, — and how to miss 'em during the next two months.

### DRIVE FOR P. T. A.

**IRVINGTON** — A drive for new P. T. A. members is being made in the Irvington Elementary school. A prize is to be given to the room securing the largest percentage of members for their class. A survey made on Tuesday September 30 showed that the total number of children eating daily was approximately 150 at ten cents apiece. Children are eating for seven cents or less, the maximum charge being ten cents. These figures were announced by the cafeteria chairman, Mrs. Bessie O'Leary and supervisor Mrs. Caroline Brown. A new restaurant range has been purchased for the Irvington Cafeteria. Due to the increased number of children now being fed larger oven space and burner room was needed.

### SANFORD CIRCLE CLEANS UP PATIO AT NILES CHURCH

Boys of the upper three grades of the Niles Congregational Church school spent Tuesday afternoon after school cutting weeds and cleaning up the patio at the Niles Congregational church under the direction of Mr. Fred Duffie. The ladies of the Sanford Circle rewarded the boys with hot dogs and ice cream. Mrs. Duffie, Mrs. Lindsay and Mrs. Boulter were chairmen of the project. The Women's Guild of the Church will take care of paving and beautifying the patio.

Twenty four members were present at the regular meeting last Friday afternoon when Mrs. Reginald Calhoun, the president, called the meeting to order.

It was voted that the Circle would prepare and serve the dinner for the Rebekah lodge in the Odd Fellows hall the evening of November 21.

Reverend R. C. Day announced the Teacher Training course which begins at the Church next Wednesday evening, and asked for volunteers to sing in the Church choir each Sunday morning.

The project committee was divided into three groups, the same as last year, with Mrs. Cozzi, Mrs. Hale and Mrs. Waynflete serving respectively as chairmen of each group.

Hostesses for the day were Mrs. Hibner and Mrs. Jergentz.

### W.U.H.S. HUSKERS DEDICATE FIELD AT MOUNTAIN VIEW

**CENTERVILLE** — The Huskers' Varsity squad opened their 1941 football season by dedicating the new lighted gridiron at Mountain View last Friday evening making the third such field they have dedicated with an opening game.

Other fields dedicated by the Huskers include one at Santa Clara and one at Gilroy. All are members of the Santa Clara Athletic League.

Veterans on the Washington Squad this year are Fullback Gene Martinez and Linemen Bob Rand, George Smith, Melvin Leal, Barney Bragg and Hayden Freitas. Five members of last year's reserves who have had some experience include Eldon Mohn, Al George, Kenneth Calhoun, Bill Pine and Henry Borghi. Judd Taylor is the coach.

Marie Cunha is now employed at the William Brothers packing house in Centerville.

Mr. and Mrs. Mark Fonda of Oakland were the guests of Mr. and Mrs. L. H. Adams on Sunday.

Roy Cairnright and a party of friends spent the weekend hunting in Northern California.

Mr. and Mrs. Joseph Anthony returned on Sunday after spending an enjoyable week at Pitt River.

Agnes Raymond and Eleanor George spent an enjoyable week-end with friends in San Francisco.

If your eyes are sound it would be a pleasure to you to be told so after a searching examination, wouldn't it? But in case there should be some slight trouble or other which you may hardly have noticed, it would be worth a good deal to you to know that too, wouldn't it? Well, our services are at your command. P. C. Krogh, Opt. and Jeweler, 878 B Street, Palmtag Bldg. Hayward. —adv.

Mr. and Mrs. Rudolph Rogers attended the barbecue which was held at the home of Frank Dias last Sunday afternoon.

Mr. and Mrs. B. R. Nelson and Mr. and Mrs. Robert Stover enjoyed a day of fishing at Swanton near Port Chicago last Wednesday.

Private George Jorgenson spent the weekend at the home of his parents, Mr. and Mrs. John Jorgenson. George returned to Camp Roberts on Sunday.

The largest national cemetery in the United States, with the exception of Arlington, is at the San Francisco Presidio.

## NATIVE SONS AWARDED FINE SOFTBALL TROPHY

CLUB ENDS SUCCESSFUL  
SEASON WITH CASH ON  
HAND FOR NEXT YEAR

Twenty-two members and guests of the Washington Township Softball association enjoyed the fine awards dinner served Saturday evening in the City of Florence Restaurant at Niles with Manager Al Silveria of Warm Springs presiding.

E. J. Pimentel of Hayward served as toastmaster. He introduced every person present, accompanying his introduction with an account of each person's activities.

The feature of the evening was the presentation by Director E. D. Bristow, with appropriate comments, of the handsome gold-finished trophy to the championship team, the Native Sons. Manager Kenneth Ferry accepted the trophy for his team-mates, pointing out that they won 23 out of 25 games they played.

Toastmaster Pimentel said the big season closed with a record attendance on the playoff night when 615 paid admissions clicked through the gates. He said the club never went in the red financially, and that the entire season's play was conducted in an orderly, sportsmanlike manner.

Manager Silveria thanked his board of directors and all the team managers for the fine spirit of co-operation they displayed during the entire season. He said there were 1493 paid admissions for the last three games of the playoff series.

Treasurer Joseph Machado of Newark announced gross income for the season was \$1451 from paid admissions; gross expenses were \$1200, including adding more lights roofing the bleachers and making other improvements to the playing field, leaving something better than \$200 with which to start the new season next year.

Speaking for the Native Sons championship team Ferry said his club had played four full games on a recent Sunday in Oakland, competing for the state championship of the Native Sons organization. His club won three away, but finally was crowded out of the fourth and final game.

Vice-President Fred Muller and Umpire "Don" Dondero made appropriate comments on the spirit shown by the players during the past season. Walter Waynflete made an acknowledgement for the press, aided by "Scoop" Pashote of Newark as the working member of

## JUNIOR CHAMBER CHANGES MEETING NIGHT TO TUESDAY

(Special to the Register)

When it was pointed out at Monday night's dinner meeting of the Niles Junior Chamber of Commerce at the City of Florence Restaurant that future Monday night meetings would conflict regularly with public forum addresses at Centerville, with State Guard drill nights at Centerville and with civilian defense schooling at Alvarado, the membership voted to amend the constitution so that the first Tuesday of each month would hereafter be the regular meeting night of the Niles body.

Jack Parry was elected to fill out the unexpired term of treasurer left vacant by the removal of Ed Jauch from this community. Scoutmaster John McGowan of the Niles Troop was introduced as a guest and was voted an honorary membership in the Junior Chamber.

Joe Hoffman was present representing the Kraftite company. Scouter Lewis Lewis told of the fine demonstration the Niles troop put on during the Harvest Festival at the Old Adobe Saturday afternoon when the boys successfully baked soda biscuits out-of-doors, using reflectors rather than ovens.

Because of the absence of President Ed Enos the vice-president, Henry Vervais occupied the chair. Secretary Fred Duffie read the minutes of the last meeting.

the staff, and drew the group's attention to the State Guard company being formed at Centerville for all of Washington Township.

Present in addition to those mentioned were Wilbert Hendricks, manager of the Silver Dollar club from Alvarado; Tony Amaral, head gate-keeper; Arthur Duarte, manager of the Woodmen of the World team; Romeo Brunelli, manager of Central Chevrolet's club; Dave Janeiro of Decoto, manager of the Kraftite club, who won last year's trophy; Joe Milani, manager of the Westvaco team; Ralph Brown, Native Sons team; Ed Vieira, Centerville member; W. J. Furtado Jr., Eugene Pashote, Newark reporter; Frank Mayer, manager of Occidental Stove team and L. S. Amaral, member of the board of directors.

## 1942 PONTIAC HAS MASSIVE FRONT

Restyled from end to end, the 1942 Pontiacs feature a massive front and a graceful profile. Note the solid effect brought about by lengthening the bumpers, placing the headlamps farther apart, widening the radiator grille, and broadening the nose of the hood.

## KNIFE WIELDER TO BE HEARD IN NILES FRIDAY

This Friday afternoon at 1:30 p. m. Justice J. A. Silva at Niles will hear the plea of Gather A. Messer, 30, Oakland laborer, now living at Mission San Jose, who was arraigned here last Friday on a charge of fatally stabbing Edward J. Callahan, 28, member of a prominent Mission San Jose family.

The complaint was filed by Carrie Callahan, widow of the slain man. Messer is in the custody of the sheriff. Messer has a wife and six children under ten years of age. During her husband's incarceration she is said to have no means of support and relatives are assertedly appealing to county agencies to assist in the family's support.

The tragedy occurred in Mission San Jose a week ago Sunday when an altercation took place between the two men regarding the ownership of a dog.

Callahan, a native of Mission San Jose, is survived by his parents, Mr. and Mrs. Edward J. Callahan, Sr.; his widow Carrie; two brothers, Leslie and Melvin and two sisters, Mrs. Joseph Rose of Vallejo and Mrs. Daniel Cross of the Mission.

### THREE BIG GAMES TO GO ON AIR OVER THE WEEKEND

Football again holds the sports spotlight in Northern California this week-end with two outstanding games on Saturday afternoon October 1 and a thriller scheduled for Sunday October 12.

The Santa Clara vs. California game at Berkeley claims the attention of grid fans. This game will be broadcast by Associated sportscaster Hal Wolf starting at 2:00 p. m. over station KGO, San Francisco (810 kcys).

The Stanford vs. Oregon State game to be played at Corvallis, Oregon will be described by Associated sportscaster John Carpenter beginning at 1:45 p. m. to be heard locally over Station KFRC, San Francisco (610 kcys).

On Sunday October 12 the account of the St. Mary's-University of San Francisco game at Kezar stadium, San Francisco will be given by Associated sportscaster Doug Montell over Station KQW,

PROF. ROBERT J. KOERNER

who speaks next Monday night in the Washington High school auditorium on the subject: "Soviet Russia, Our New Ally." This will be the second address of the Public Forum series sponsored by the Evening High School.

## SERVICES HELD SATURDAY FOR RICHARD BRADFORD

Many friends of Mr. Richard John Bradford were saddened to learn of his passing on, at his home in Bradford Court, Niles Canyon on Thursday morning, October 2nd after an illness of almost one year. He leaves a widow, Mrs. Anna Bradford, a brother-in-law, Mr. James W. Sheffield of Pleasanton, a niece Mrs. Elwood Keerna in Sacramento and 4 nieces and 3 nephews in Minnesota, where Mr. Bradford spent his earlier years.

He was born in Nashua, Iowa and was 56 years old. He came to California about 22 years ago where he was consistently employed by the Shell Oil company until 1935 when he established a home in Niles and built Bradford Court in Niles Canyon.

Funeral services were largely attended in the funeral chapel Saturday at Brentwood and he was laid away at Brentwood Union Cemetery near Brentwood.

He was held in high esteem throughout the years as a loving husband and a wonderful friend and neighbor.

Mr. and Mrs. Fred Duffie and son spent part of his vacation over the weekend visiting friends at Ukiah.

San Jose (740 kcys) commencing at 2:15 p. m.

INTRODUCING THE NEW

## 1942 Pontiac Sixes AND Eights

With the things you've always liked  
and 15 new ones too!

Speed and More Speed  
for National Defense!

SPEED AND MORE SPEED is being applied to Pontiac's National Defense effort—the building of a new type of rapid-fire cannon for the United States Navy—"the most effective weapon of its size ever developed" in the opinion of naval authorities. Thousands of skilled Pontiac craftsmen and top ranking production experts have been assigned to this vitally important operation and are working night and day turning out cannon in ever-increasing quantities.

- Bodies by Fisher with even greater beauty.
- Vital engine parts are unchanged for 1942.
- Triple-Cushioned Ride—improved—still yours.
- Travel of the gearshift has been reduced 30 per cent.
- Gas and oil economy is unchanged.
- Front wheel brakes have been increased in size and triple-sealed.

THE FINE CAR WITH THE LOW PRICE—GENERAL MOTORS' MASTERPIECE

In a year when the correct choice of a new car becomes more important than ever, Pontiac is proud to announce that its 1942 models are the greatest cars it has ever built! Here's the reason for this. Pontiac for 1942 not only offers you the things you've always liked in all the great Pontiacs of the past, but gives you 15 improvements as well!

38 POUNDS OF APPLES  
IN ONE DAY

"An apple a day will keep the doctor away"—but what would 38 pounds of apples do daily? It takes 38 pounds of apples daily to supply your body with the calcium required, but — Eve and one apple were enough for Adam's exit from Eden.

Here's a Tip

Just One Quart of SANITARY DAIRY MILK contains as much calcium as does 38 pounds of apples!
